Lucy's Family

My husband and I, Jayne & Ian are the proud owners of our beautiful dog Lucy. Lucy has been in our family for 4 years from the age of 6 months. As her guardian we always act responsible.

We are so positive Lucy will never be any problem in your home that we are happy to follow all your pet guidelines, sign any pet agreement and be completely responsible for any damage that may arise.

Lucy's Training

Lucy is completely house trained and has been enrolled in Cairns puppy / dog school since she was 1 year old.

She is not a loud dog and rarely barks. She is loved by everyone she meets and has never been a problem to neighbours.

Lucy's Nature

She is the most beautiful well behaved and gentle dog you will ever meet and the most cherished member of our family. We walk Lucy every day, she is well behaved both on and off the leash. She loves going to local park and the beach. She is beautiful with children and with other dogs.
